Prague: Basic information

Prague

- 1.2 million inhabitants, UNESCO heritage site
- 6th richest NUTS2 region with 182% of average GDP
- 69th in quality of living worldwide, 68 positions behind Vienna (Mercer 2018)
- 9th most sustainable city, best score in economic area, worst in environmental (Arcadis 2016)
 - + Praised system of public transport and schools, accessible health care
 - Lagging in climate change mitigation & adaptation or social housing

City Governance

- 57 districts have their own councils along with central metropolitan council
- Central level is responsible for spatial planning, infrastructure, parks, public transport, new developments
- District town halls have limited power and resources to implement major projects, they usually focus on smaller, more particular issues
- On the metropolitan level, decision-making is paralysed by political divisions

SDGs in Prague 7 & 8

místní Agenda **21**

ZDRAVÁ MĚSTA, OBCE, REGIONY
ČESKÉ REPUBLIKY

Business improvement district

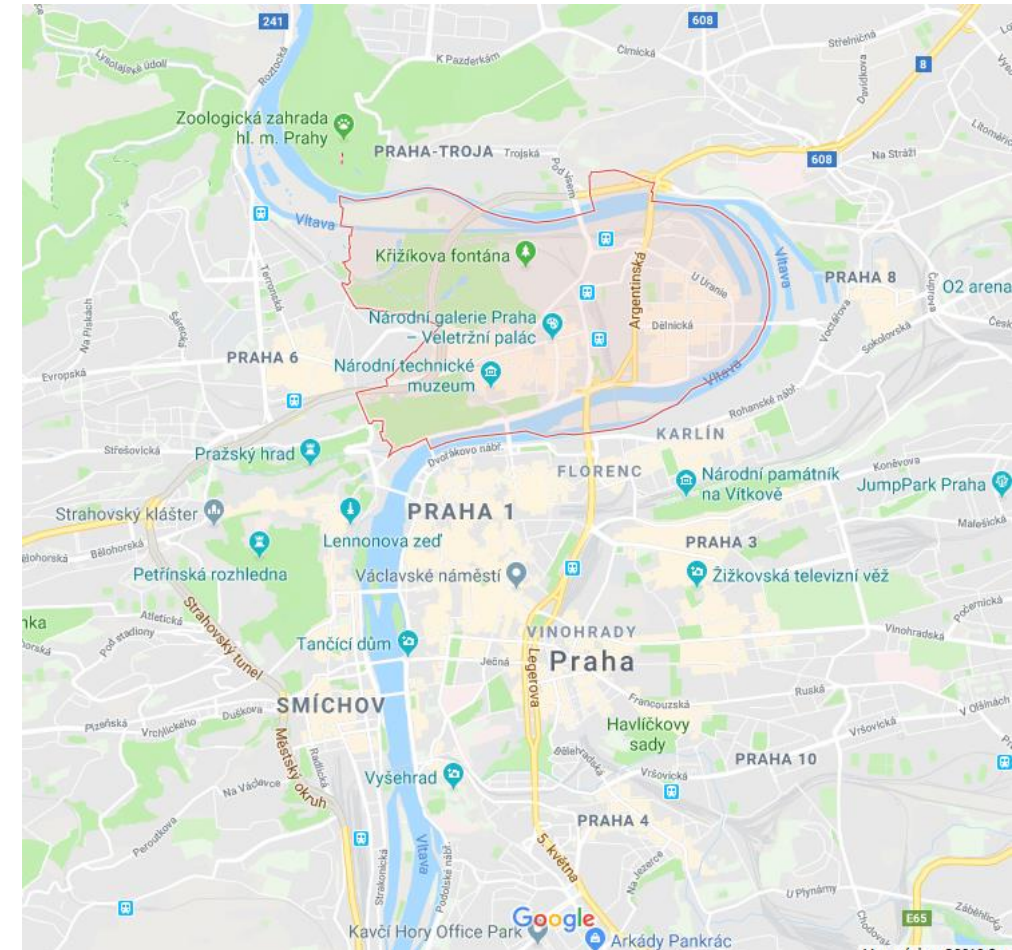

DIVADLO
POD PALMOVKOU

P R A H A **7** ART DISTRICT **7**

- Area: 7.14 km²
- Number of inhabitants: 44 034
- Average age of population: 41.1
- Cadastral territory: Holešovice, Letná, Bubny
- Despite its average size one of the best known quarters in Prague: housing art institutions, NGOs, very good structure of small shops and restaurants

Business Incubator

Podnikavá 7

Support to new entrepreneurs

- Course led by experienced business people focused on skills needed by new entrepreneurs
- Approach tailored to the ideas of participants, individual consultations available for everyone
- Every year the course is followed by competition for the best idea or starting business, few weeks ago the third year finished
- On the top of creating workplaces and boosting the local economy, the entrepreneurs are encouraged to think of other ways to include sustainability or positive spillovers in their business operation

12 RESPONSIBLE
CONSUMPTION
AND PRODUCTION

Challenges

- Strategic Framework Czech Republic 2030 – 5 goals
- Implementation plan Czech Republic 2030 – still in progress
- Insufficient support and awareness raising actions from the Prague City Hall

Office of the Government of the Czech Republic
Government Council for Sustainable Development
